The 2022 edition of the Paris Motor Show is here! With the official ticketing opening on 01.07.2022, visitors can already book their ticket for the only international motor show in Europe this year.

### **A ticketing system designed for an optimised visitor experience**

As the Paris Motor Show has not been held for four years, the event is all the more eagerly awaited. For this reason, an innovative ticketing system has been designed to meet the expectations of all visitors to this edition.

To simplify access to the exhibition, visitors will be able to pre-book their tickets on the mondial.paris platform, **where they will be invited to choose, in addition to the day, their arrival time** from among many possible slots.

This entry ticket, to be validated on the day of the show during the chosen time slot, will guarantee that the visitor will be **able to make the most of his or her visit to the show**, while avoiding any queuing at the checkouts and at the entrance to the halls.

It will facilitate entry and allow everyone to freely enjoy the Paris Motor Show, its events and its stands, offering greater comfort for visitors.

This ticketing system was chosen to cope with the expected number of visitors and, if necessary, to respond flexibly to capacity restrictions.

### **A Paris Motor Show accessible to all, at an attractive price**

From Tuesday 18 to Sunday 23 October, two different prices between weekdays and weekends for **adults (€16 and €20)**, and for **children aged 7 to 17 (50% discount) (€8 and €10, 50% discount)**.

The exhibition will **be free of charge for children under 7** years of age.

Given the current craze, we invite all our audiences to pre-book the slot that suits them best as soon as possible.

Tickets\* will be available in advance on the exhibition website from 1 July: <https://mondial.paris/en/ticketing>

\* Paris Motor Show 2022 tickets are nominative, non-exchangeable and non-refundable.

However, it will still be possible to buy a ticket at the reception desks in Pavilion 5.1 depending on the number of place available.

For this edition, the exhibition will open its doors with extended opening hours.

The Paris Motor Show is one of the world's leading motor shows in terms of attendance (more than 1 million visitors in 2018) and media exposure (more than 10,000 accredited journalists, including 52% from 100 countries).

A precursor to international car shows, created in France by automotive pioneers, it celebrated its 120th anniversary in 2018.

Driven by the automotive industry, the Mondial de l'Auto is the showcase of an industry at the forefront of innovations, which outline the central role that the automobile will play in the mobility of the future. The PFA and Hopscotch are associated, since 2019, for its organization.
